

HAWKEYE INTEGRATED SERVICES

Drone & Machinery Solutions

Capability Statement

Integrated Aerial Intelligence & Machinery Solutions

2026

About Hawkeye Integrated Services

Hawkeye Integrated Services Pty Ltd is an Australian-owned and operated business delivering high-performance aerial intelligence, inspection, surveying, and asset solutions — integrated with real-world machinery advisory and execution capability across construction, infrastructure, agriculture, and industrial sectors.

Founded and led by Dave Valquez, Founder & Managing Director, Hawkeye brings over 20 years of hands-on machinery and operations experience to every engagement. We are CASA-licensed drone operators committed to safety-first, data-driven outcomes for our clients.

Core Services

Aerial Intelligence

Aerial photography, videography, photogrammetry, 3D mapping, land surveying, topographic and volumetric analysis.

Thermal & Risk Inspection

Thermal imaging for roof, electrical, solar, and infrastructure risk identification. Early fault detection and compliance documentation.

Asset & Structural Inspection

Safer, faster facility inspections for industrial assets, elevated structures, roofs, yards, and operational areas.

Agriculture & Environmental

Crop health monitoring, NDVI analysis, vineyard and paddock mapping, property condition reporting, and aerial marketing imagery.

Fleet Intelligence

Fleet yard overviews, equipment visibility, utilisation reviews, commercial machinery content, and condition reports.

Machinery Appraisals & Advisory

Equipment condition assessment, appraisals, procurement assistance, sale presentation, and machinery advisory for asset decisions.

Industries Served

Construction & Civil	Agriculture	Real Estate	Industrial & Infrastructure	Government	Mining & Resources
